

A NEW P & D  
ORIGINATION  
FOR 1960

Plant Patent  
Applied for

The rich hues of the new hybrid tea, "Cover Girl," inspired White Stag, Oregon sportswear manufacturers, to design a new line of Cover Girl Sportswear, available at leading shops and stores.

HAVE A

*Cover Girl*

OF YOUR OWN  
IN YOUR ROSE GARDEN

**Beautiful and Alluring! Always winning your admiration—In colorful dress, COVER GIRL will be your outstanding model rose.**

The bud is long and pointed and the flower is large with a high center and has good form. The most outstanding feature of the rose is the orange copper and gold color. It is very bright. The blooms are borne singly on a long, straight stem. The color is outstanding and is very beautiful in the bud and open flower form. The foliage is a glossy green and very attractive. The plant is upright and moderately vigorous.

**\$3.50 each; 3 for \$9.20**

*A Lovely New Floribunda and  
A Lovely New Color!*

## CORAL CROWN

This is truly our new "lovely, lovely" of beautiful, different orange-red tones. Soft as velvet and very attractive. This bush blooms profusely and constantly in medium-sized clusters. The flowers last well and the overall effect is very good. The foliage is small and leathery and very well covers the bush. The plants grow low and compact. This variety has performed well in test gardens in the East, Mid-West and in Southern California as well as in Oregon and the rest of the Northwest.

**\$2.50 each; 3 for \$6.60**

Plant Patent

A P & D Origination

## OREGON CENTENNIAL

This beautiful, tall crimson-red rose named in honor of Oregon's 100 years of statehood, has made many new friends and added attraction to numerous gardens throughout the United States. To those who were unable to receive plants last season, we are happy to announce a good supply of Oregon Centennial plants on hand for our customers this spring.

Oregon Centennial is appropriately a vigorous rose. The plant is tall and full, luxuriously clad in large deep-green leaves. The thirty crisp petals of the large flower develop gracefully becoming lightly cupped at maturity. The color is an excellent deep rose-red, which seems to glow with an inner luminescence. The fragrance is strong and sweet. Good continuity of bloom, and quick and thorough cleaning of the senescent flowers are characteristics which make Oregon Centennial a constant source of satisfaction.

**\$3.00 each; 3 for \$7.80**

**NEW 1960**

*All-America*

**WINNERS**

Pl. Pat. 1814

**GARDEN PARTY**

In size, vigor, and sturdiness it is a plant worthy of its two famous parents—Charlotte Armstrong and Peace. The high-centered pastel blossoms of creamy ivory are flushed with pink on the tips of the petals. Blooms are large, often six or more inches across. **\$3.50 each; 3 for \$9.20.**

**SARABANDE**

Pl. Pat. 1761

A vivid new French rose as sure to catch the eye as the Spanish dance for which it is named. Semi-single blooms of fiery orange-scarlet in big clusters, each flower dotted with a tuft of golden stamens, provide a near continuous blaze of garden color, uninterrupted from early season until late. Low growing and compact. **\$2.50 each; 3 for \$6.60.**

Pl. Pat. 1758

**FIRE KING**

The beautifully formed high-centered buds open to dazzling clusters of deep iridescent vermillion blooms that are excellent for a display in the garden and are long lasting as cut flowers. **\$2.50 each; 3 for \$6.60.**

**PLANT THIS PRETTY P & D FOURSOME**

*for Enjoyment and Satisfaction*

**FORT VANCOUVER**

Pl. Pat. 994

For long-lasting light clear pink exhibition-type blooms, choose this handsome hybrid tea. Named for a historic landmark, it grows sturdy and tall to a height of 4-5 feet, bearing large fragrant blooms, an ideal source of cut flowers.

**THE DUKE**

Pl. Pat. 1522

Robed in rich carmine red with accents of gold, "The Duke" is truly a noble rose. A stunning, bright bicolor tea, its petals are red splashed with gold underneath. The bush is strong, medium to tall, and is clothed in large, glossy, disease-resistant foliage.

A P&D Origination

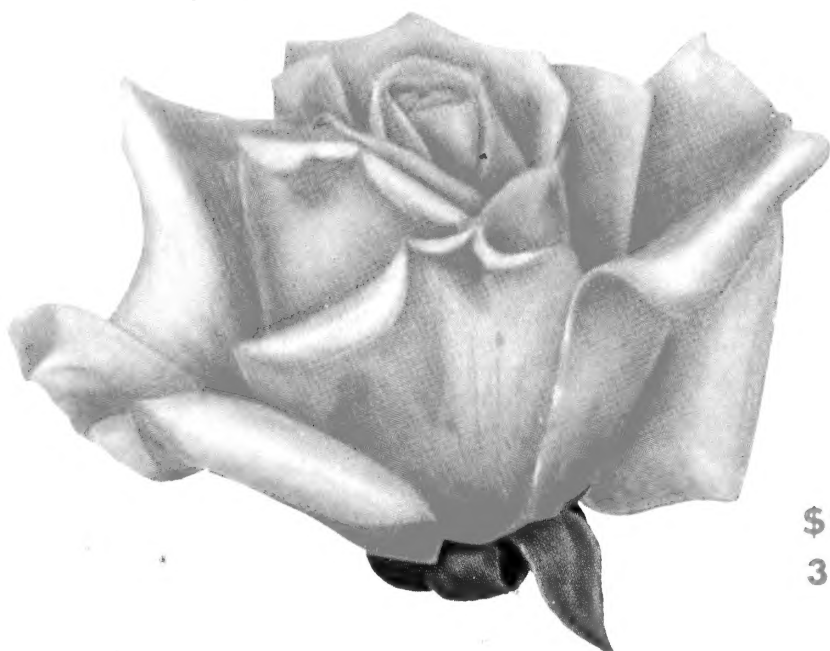

**\$2.50 each; 3 for \$6.60**

**\$2.50 each; 3 for \$6.60**

**BURNABY**

Pl. Pat. 1314

A classic hybrid tea rose, delicate light yellow in color, unexcelled in form, fragrant and lovely. The plant is vigorous in growth, producing huge blooms of exhibition quality. A Gold Medal winner in the U. S. and England, Rose Show Award winner, rated 8.1 by American Rose Society.

**PINK FAVORITE**

Pl. Pat. 1523

A P&D Origination

A superb Pink hybrid tea, favorite of rose show contenders throughout the United States and Europe. Rated among the highest of all pink roses by ARS. Gardeners find it disease-resistant, sturdy and easy to grow, with handsome, leathery foliage to ornament any garden.

**\$2.50 each;  
3 for \$6.60**

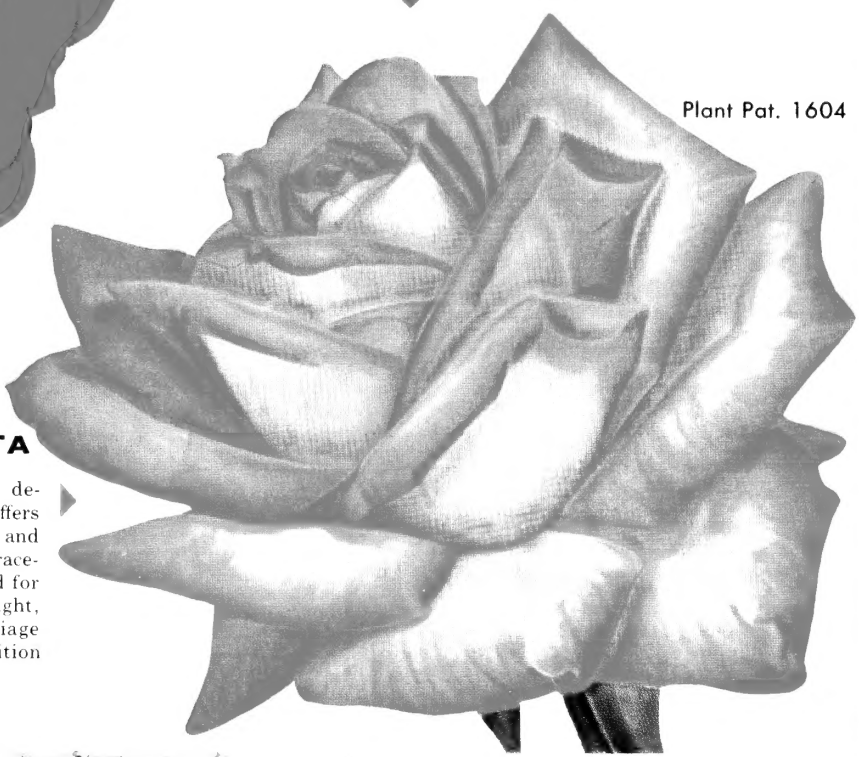

**STARFIRE** Plant Patent 1742

The new luminous current-red Grandiflora winner of 1959. The large 4-inch blooms open from urn-shaped buds and come one to a stem or in clusters. The plant is tall and vigorous, reaching heights of 5 feet, which makes it an ideal background variety.

\$3.00 each; 3 for \$7.80

Plant Pat. 1604

**KORDES PERFECTA**

Pink, or rose-red and cream, in a delightful blending of colors, Perfecta offers a rare kind of beauty. Blooms are big and well formed, with high centers and gracefully outcurling, large petals. Good for cutting. Plant grows to medium height, is vigorous and has rich, heavy foliage and strong canes. A welcome addition to any garden.

**“PROVEN BEAUTIES”**

*Six Top Favorites... all for only \$7.95*

**THE DOCTOR**

Rich satin-pink of long, pointed buds and huge open flowers which come on a good plant.

## Three Beautiful and Different

### PINK FLORIBUNDAS

#### BELLINA

A P&D  
Origination

The dainty peach-pink clusters of continuous bloom are small and perfectly formed, with full, high-centered blooms of forty-five petals each. The buds are very attractive in both form and color, the peach-pink being enhanced by yellow undertones.

Blooming continuously, "Bellina" is low and compact in growth, especially suited to planting in low borders, around driveways and in other spots where a small bush is desired. Peach-pink pretty, all season.

**\$2.50 each; 3 for \$6.60**

Plant Patent  
Applied for

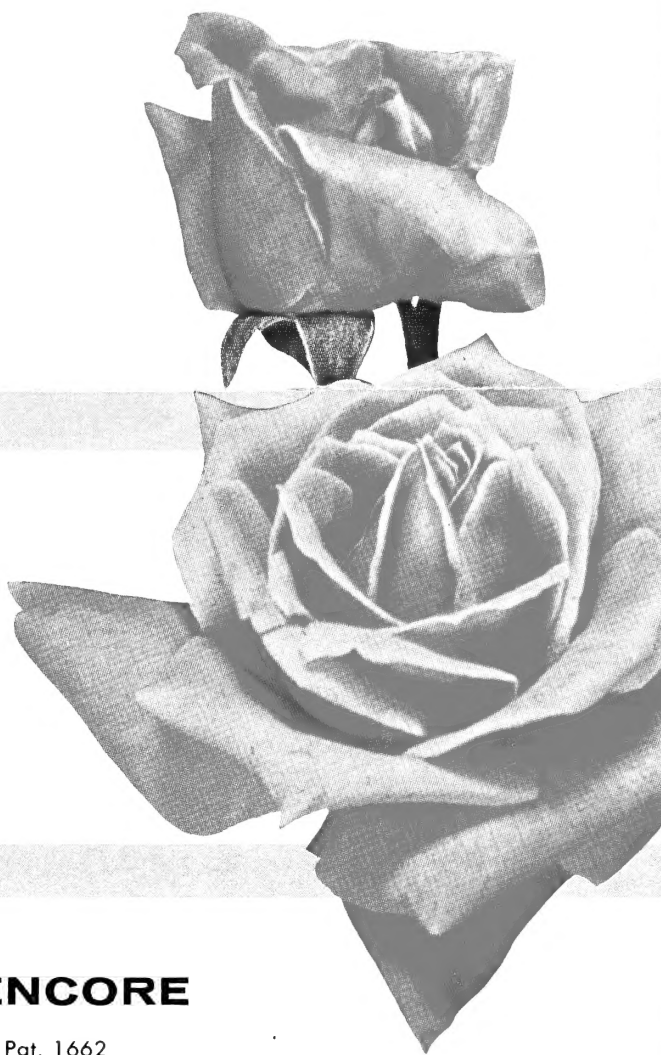

#### AMY

Pl. Pat. 1455

A P&D Origination

Pretty, perky and perfectly formed—Amy's little pink buds open into rich, satin-pink flowers. In full bloom, each blossom resembles a pink pincushion. Symmetrical in bush, hardy and low in growth, it flowers in pink profusion throughout the season. Excellent for borders—a most amiable floribunda.

**\$2.00 each; 3 for \$5.25**

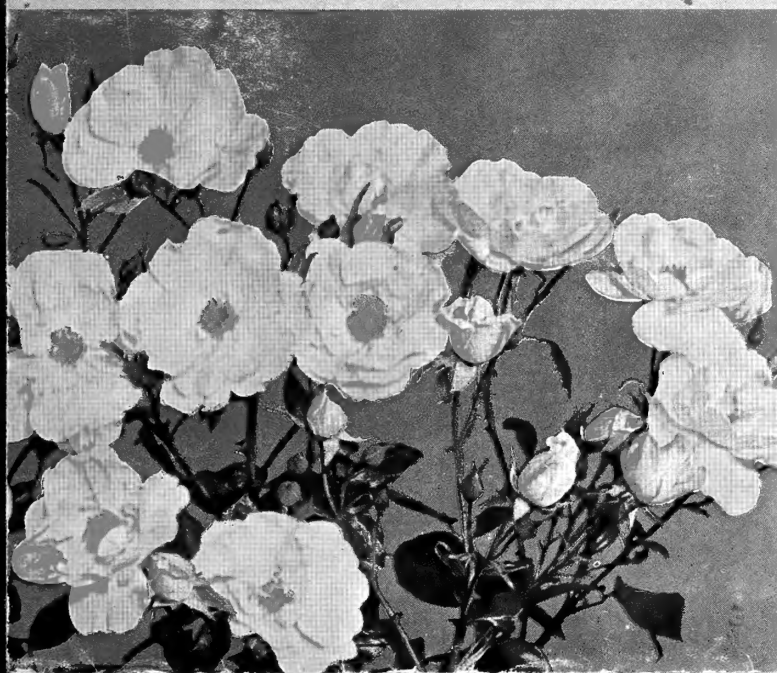

#### ENCORE

Pl. Pat. 1662

A bright and cheerful floribunda which will always present you with a blooming smile. The plant is sturdy and vigorous, of medium height, and will require a minimum of care. The foliage is slender, glossy and clean. Its resistance to disease is well above average. During the growing season, Encore is constantly dressed in clusters of bright pink bloom. The individual flower is quite dainty, lightly cupped, fourteen-petaled, three inches in diameter. There is a pleasing contrast in color between the inner and outer surfaces of the petals. The face is a lustrous creamy pink, while the outer surface is rose pink.

**\$2.25 each; 3 for \$6.00**

Shown above is Gordon J. Von Abrams, Peterson & Dering hybridist, in the laboratory at our Scappoose headquarters. As the only rose hybridizers in the Pacific Northwest, we are pursuing a program of active research and the adaptation of biochemical methods to the origination of new roses. Significant developments include our "Super Strain" multiflora root stock to which all P&D roses are budded for sturdier, hardier bushes, and a leathery, disease-resistant foliage with better than average cold tolerance. The new foliage is handsome as well as hardy, and adds to the beauty of rose plantings.
